INSULATION MATERIAL AI-EPGC311

SKU: AIEPGC311

ASEC Kunststoffen BV

Marketing 17, 6921 RE Duiven, The Netherlands

T: +31 316 84 44 01 | info@asec.nl

Categories: Glas fabric epoxy

AI EP GC 311 Can be describe as an all-in-one material. The carefully composed resins combine with the glass base result not only in exceptional resistance, but also amazing electrotechnical properties. Suitable for countless applications.

UL 94 certificated. High resistance to chemicals. Self-extinguishing. Halogen Free. Retains electrical properties at high air humidity. Tracking resistand (CTI 600V) and low smoke emission and toxicity.

The information in this datasheet is provided for general purposes only and not meant to be a specific recommendation for any individual application. All values were determined under laboratory conditions. ASEC Products is not directly neither indirectly responsible for any claim resulting from the use of any information provided in this datasheet.
