INSULATION MATERIAL AI-MFGC21

SKU: AIMFGC21

ASEC Kunststoffen BV

Marketing 17, 6921 RE Duiven, The Netherlands

T: +31 316 84 44 01 | info@asec.nl

Categories: Cotton fabric phenol melamine

AI MF GC 201 Is suitable for mechanical and electrical applications. Arc-resistant and tracking-resistant material. Good flame resistance. Self-extinguishing. Halogen-free. Lower high-voltage values and insulation resistance than other AI EP GC and AI PF GC.

Good resistance to flame exposure. Self-extinguishing. Halogen-free. Resistant to arcs and tracking.

The information in this datasheet is provided for general purposes only and not meant to be a specific recommendation for any individual application. All values were determined under laboratory conditions. ASEC Products is not directly neither indirectly responsible for any claim resulting from the use of any information provided in this datasheet.
