INSULATION MATERIAL AI-PFCC21

SKU: AIPFCC21

ASEC Kunststoffen BV

Marketing 17, 6921 RE Duiven, The Netherlands

T: +31 316 84 44 01 | info@asec.nl

Categories: Cotton fabric, Cotton fabric phenol

AI PF CC 21 is suitable for mechanical applications. Reinforced with finer fabric than AI PF CC 22. Can be used, in particular, for mechanical applications where fine tolerances and smooth surface finish are required. Examples of applications are ball-bearing cages for spindle bearings and guide rings for hydraulic cylinders.

Suitable for mechanical applications where fine tolerances and surface coarseness are required.

The information in this datasheet is provided for general purposes only and not meant to be a specific recommendation for any individual application. All values were determined under laboratory conditions.
