INSULATION MATERIAL AI-EPGC203

SKU: AIEPGC203

ASEC Kunststoffen BV

Marketing 17, 6921 RE Duiven, The Netherlands

T: +31 316 84 44 01 | info@asec.nl

Categories: Glas fabric epoxy

AI EP GC 203 Has high mechanical strength at elevated temperatures. Particularly good stability of electrical properties under high humidity. Mechanical, electrical, and electronic applications. Can be used at cryogenic temperatures. Incredibly good resistance to chemicals.

Good and durable strength properties at high temperatures. Very good electrical properties, even at high humidity. Can be used at cryogenic temperatures.

The information in this datasheet is provided for general purposes only and not meant to be a specific recommendation for any individual application. All values were determined under laboratory conditions. ASEC Products is not directly neither indirectly responsible for any claim resulting from the use of any information provided in this datasheet.
