INSULATION MATERIAL AI-EPGC23

SKU: AIEPGC23

ASEC Kunststoffen BV

Marketing 17, 6921 RE Duiven, The Netherlands

T: +31 316 84 44 01 | info@asec.nl

Categories: Glas fabric epoxy

AI EP GC 23 Is suitable for mechanical, electrical and electronic applications. Extremely high mechanical strength at moderate temperatures. Very good stability of electrical properties when exposed to high relative humidity. The material is self-extinguishing.

High mechanical strength at moderate temperatures. Retains its electrical properties at relatively high humidity. Self-extinguishing. UL-94 V-0 approved.

The information in this datasheet is provided for general purposes only and not meant to be a specific recommendation for any individual application. All values were determined under laboratory conditions.
