INSULATION MATERIAL AI-PFCP21

SKU: AIPFCP21

ASEC Kunststoffen BV

Marketing 17, 6921 RE Duiven, The Netherlands

T: +31 316 84 44 01 | info@asec.nl

Categories: Paper, Paper phenol

AI PF CP 21 Is suitable for mechanical and electrical low-voltage applications. Good electrical properties at normal air humidity. Also used as winding tubes in the foil and metal foil industries. Carrier tubes for polishing brushes.

Electrical and mechanical applications at low voltages. Good electrical properties at normal relative humidity. Also used as winding tubes in the film and metal foil industry.

The information in this datasheet is provided for general purposes only and not meant to be a specific recommendation for any individual application. All values were determined under laboratory conditions. ASEC Products is not directly neither indirectly responsible for any claim resulting from the use of any information provided in this datasheet.
