VIBRATION MOUNTS AVBCTC

SKU: AVBCTC

ASEC Kunststoffen BV

Marketing 17, 6921 RE Duiven, The Netherlands

T: +31 316 84 44 01 | info@asec.nl

Categories: Universal mounts

This range of mounts provides an excellent fail-safe dynamic insulation, particularly in vertical direction, both in traction and in compression. They significantly reduce vibrations and absorb considerable levels of shocks to provide an excellent all-round solution to a wide range of applications on agricultural machines, tractors, off-road machines and military equipment. These mounts are specially suitable for insulating structures where through assembly is required.

Optional ordering with Neopren CR and anti-oil NBR version.

The information in this datasheet is provided for general purposes only and not meant to be a specific recommendation for any individual application. All values were determined under laboratory conditions.
